

# GO ELECTRIC + RENEWABLE ENERGY EQUALS...

---

Sunshine and Wind 24x7

More Energy Savings

Safe and Resilient Power

Monetized Renewable Assets

Ask About Receiving the Go Electric System **ENTIRELY FREE OF COST**

# RESILIENT, ROUND THE CLOCK RENEWABLES

## WHY GO ELECTRIC?

### Go Electric keeps the sun shining and wind blowing 24x7 with battery storage.

By further fortifying renewable installations with microgrid control, automated synchronization, and optimized utility, Go Electric makes clean power resilient and secure.

**LYNC SECURE® =**

Uninterruptible Power +  
Energy Efficiency

**LYNC DR® =**

LYNC Secure + Demand  
Response Benefits

## WHICH SOLUTION IS RIGHT FOR YOU?

LYNC Secure is the groundbreaking Go Electric solution that is the first to combine **robust and resilient uninterruptible power** with **automated energy efficiency and savings**.

Where demand response is available, LYNC DR provides all LYNC Secure functionality plus the ability to earn revenue with **no cost for equipment and installation**.

### Maximize Availability

Energy storage enables renewable energy use 24x7

### Lower Electricity Bills

Automatically deploy renewables to cut energy costs when demand is high

### Microgrid Control

Use renewables to create a self-sustaining, resilient microgrid

### Safe and Consistent Power

Keeps renewables safely operating during a grid outage

### Monetize Renewable Energy Assets

Renewable energy assets earn revenue with demand response
